

**Annex B: Korea-Singapore Digital Partnership Agreement Infographic**

**Highlights of Modules**

**E-payments**

Adopt transparent and facilitative rules to promote secure cross-border E-payments.

**Open Government Information**

Encourage innovation by making Government information open and accessible.

**Paperless Trading**

Accept electronic versions of trade administration documents for efficient cargo clearance and facilitate cross-border supply chain digitalisation.

**Cryptography**

Remove access and transfer of private keys and related technologies, as a condition of market access.

**Cross-border Data Flows**

Enable the trusted flow of data across borders to support digitally-enabled activities, including for Financial Services.

**Source Code Protection**

Remove access and transfer of source codes, including algorithms expressed within, as a condition of market access.

**Prohibiting Data Localisation**

Establish rules against data localisation requirements so that businesses in Singapore and the Republic of Korea can choose where their data is stored, processed, and their cloud technology of choice.

**Online Consumer Protection**

Guard against fraudulent or misleading conduct online through regulations.

**Artificial Intelligence**

Identify cross-border opportunities to facilitate business innovation and collaborations on AI ethics and governance.

**SME Cooperation**

Promote jobs for SMEs and facilitate their connection with suppliers, buyers and business partners.

**Digital Identities**

Promote interoperability of digital identity regimes, enabling businesses and consumers to navigate the digital economy with greater ease and security.
