

Annex C

Profiles of Singapore companies at the Singapore-US Business Roundtable on AI Safety and Innovation

S/N	Company	Profile	Representative
1.	AI Verify Foundation	The not-for-profit AI Verify Foundation, a wholly owned subsidiary of the Infocomm Media Development Authority of Singapore (IMDA), is a global open-source community that convenes AI owners, solution providers, users, and policymakers, to build trustworthy AI.	Lew Chuen Hong, Chief Executive, IMDA
2.	AvePoint	AvePoint provides platforms to optimise SaaS operations and secure collaboration. With more than 17,000 customers worldwide, AvePoint solutions enhances productivity, compliance, and security.	Tianyi Jiang, Chief Executive Officer
3.	CorgiAI	CorgiAI is a Y Combinator startup offering a cutting-edge AI platform to combat the global \$370bn payment fraud issue, combining revolutionary AI, advanced analytics, user-friendly experience, and seamless integration to help customers improve their bottom line by 7-8 figures annually.	Saif Farooqui, Founder
4.	Grab	Grab operates across the deliveries, mobility, and digital financial services sectors, serving over 500 cities in eight Southeast Asian countries - Cambodia, Indonesia, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam. Grab was founded in 2012 with the mission to drive Southeast Asia forward by creating economic empowerment for everyone and strives to serve a triple bottom line: to simultaneously deliver financial sustainability and have a positive social and environmental impact in Southeast Asia.	Ming Maa, President
5.	Nium	Nium is the leader in real-time global payments. Its payments infrastructure is shaping how banks, platforms, and businesses everywhere collect, convert, and disburse funds instantly across borders.	Dylan Lowrey, Chief Legal Officer
6.	Resaro.ai	Resaro.ai is an AI assurance firm that offers independent, third-party testing of mission-critical AI systems. It helps responsible, safe, and robust AI adoption for enterprises, through rigorous audits and stress testing that keeps abreast of emerging regulatory requirements	April Chin, Partner and Director of Strategic Partnerships
7.	ST Engineering	ST Engineering is a global technology, defence, and engineering group with businesses in aerospace, smart city, defence, and public security segments. Its operations span Asia, Europe, the Middle East and the US. ST Engineering reported revenue of approximately US\$6.5b in 2022 and ranks among the largest companies listed on the Singapore Exchange. It is a component stock of MSCI Singapore, FTSE Straits Times Index and Dow Jones Sustainability Asia Pacific Index.	Low Jin Phang, President, Digital Systems
